BULGARS ACCEPT ALLIES TERMS; HINDENBURG LINE IS BROKEN

ENGLISH BREAK THROUGH 2 MILES ON NINE MILE FRONT

Break Through North of St. Quentin, With Americans Co-operating. French Hold Half of Chemin des Dames. Bulgarians Cease Hostilities at Noon Today. Serbians Confirm Surrender.

NO PEACE UNTIL GERMANY IS BEATEN

(By United Press)

London, Sept. 30.—The Hindenburg line has been broken to a depth of 2 miles on an 8-mile front, north of St. Quentin, according to battle front dispatches this afternoon.

The Americans are included in this operation as they are fighting as far south as Bellincourt, only seven miles north of St. Quentin.

The French hold half of the Chemin des Dames. The Germans are retiring there.

London, Sept. 30.—"There will be no peace until Germany is beaten," Andrew Bonar Law, chancellor of the exchequer, stated today.

The people know that Germany's aims are contrary to the world's peace.

London, Sept. 30.—Bulgaria has surrendered unconditionally, according to a dispatch received today.

The allies and Bulgarians ceased hostilities at noon, it was learned. The Serbians confirmed Bulgaria's surrender.

Paris, Sept. 30.—The Bulgarian armistice has been signed, according to advices received today. The report said that all military conditions imposed by the allies were accepted.

The terms the allies laid down included:

Surrender of all Bulgarian forces outside of the Bulgarian territory and demobilization of the army.

Complete breaking with Germany, Austria and Turkey.

Free access of allied forces in Bulgarian territory.

Reach Oise-Aisne Canal

London, Sept. 30.—Between the Ailette and the Aisne the French have reached the Oise-Aisne canal and are progressing along the Chemin des Dames, according to battle front dispatches received today. Indications are that the French have occupied nearly half of the Chemin des Dames.

Americans Repulse Attacks

Washington, Sept. 30.—Resistance by the enemy and repulse by the Americans of German counter attacks was reported today by Pershing.

"Our troops have continued to meet with determined resistance on the part of the enemy who has been forced hastily to bring up and engage divisions from other parts of the front. Between Creces and the valley of the Aire, we have repulsed heavy counter attacks."

Asks America's Aid

Washington, Sept. 30.—Bulgarian Minister Ranseloff today submitted to Secretary of State Lansing a communication from Bulgaria asking that the United States use its help in concluding the allies' Bulgarian armistice.

In as much as the armistice has been signed, it was held by the department that no further step by the American government is necessary.

British Enter Cambrai

London, Sept. 30.—British troops have entered the northern part of Cambrai, Field Marshal Haig reported today. They also reached the junction of the Arras-Cambrai roads on the western edge of the city.

Americans, Australians and English took thousands of prisoners. One division alone captured 4,000.

Champagne Offensive Resumed

Paris, Sept. 30.—The Champagne offensive after a night of quiet without infantry action, was resumed at daybreak today.

Violent German attacks south of St. Quentin were repulsed. There was sharp artillery fighting between the Ailette and the Aisne.

Bulgarians Cut Off

London, Sept. 30.—Serbian troops have captured Carebafelo, cutting off the Bulgarian troops at that point it was announced today.

Serbian and French troops are now 12 miles from Uskub on the eastward.

Fail to Hold Americans

With the Americans West of Verdun, Sept. 30.—The Germans are constantly bringing up fresh men in an effort to hold back the Americans between the Argonne forest and the

Notice to Subscribers

Subscription rates of the Daily Republican will be advanced tomorrow, October 1, because of the constantly increasing cost of publishing a newspaper.

Hereafter the Republican will be \$4.00 a year by mail and 12 cents a week by carrier, both in Rushville and other towns in the county where the paper is supplied by the Republican's agents. The price of the Daily Republican by carrier, paid in advance for a year will be \$5.00; for thirteen weeks, \$1.25. The rate by mail for six months, paid in advance, will be \$2.10; for one month, 40 cents.

The fast advancing price of everything which enters into the making of a newspaper makes it necessary to increase subscription rates, though the Republican company regrets that it is compelled to take such a step. The Republican company has endeavored to publish the best newspaper possible for ten cents a week, but the continually mounting cost of materials, postage and labor requires that the revenue of the newspaper be increased to meet the increased costs of publication.

A number of county seat daily newspapers have already increased the price to twelve cents a week by carrier and \$4.00 a year by mail, notably the Newcastle Courier and Newcastle Times, Connorsville News and the Madison Courier. Other newspapers in Indiana are considering such an advance in rates. A questionnaire sent out by a county seat publisher a few weeks ago brought replies from more than a score of publishers to the effect that all of them would be forced to charge twelve cents a week by carrier and \$4.00 a year by mail in the very near future.

TWO MORE NAMES ADDED TO COUNTY LIST OF HONORED DEAD

Private John W. Deerin, Co. M., 131st Infantry, and Private Charles Prather, 77th Field Artillery, Are Killed in Action in France. Private Deerin, Killed August 24, First National Army Man From Here to Give His Life.

8 LOCAL BOYS MAKE SUPREME SACRIFICE

Two more names have been added to Rush county's list of honored dead, according to the government statement of Saturday which announced the names of Private John W. Deerin and Private Charles Prather. Both boys were killed in action. These make eight Rush county boys who have given their lives in the present war.

Private Deerin is the first member of the national army from Rush county to make the supreme sacrifice for his country.

The message reached his parents, Mr. and Mrs. George Deerin, of Noble township, Saturday evening and stated that Private John Deerin, a member of Co. M, 131st Infantry had been killed in action, August 24. There was no explanation of how death occurred, the brief announcement completing the message.

Private Deerin was 26 years of age and as an agriculturist had made his home on his father's farm until he was called into military service with the first increment of drafted men from Rush county, who left here for Camp Taylor, Sept. 20, 1917. Most of his military training was received at the Kentucky camp. Private Deerin having left there only a short time before embarking for overseas. He arrived in France May 26 and letters received by his parents indicated that he was placed in active service almost immediately since July 4 found him in the midst of hard fighting.

No communication from Private Deerin had been received for four weeks before his death and it is believed by his parents that he was in the thick of the infantry encounters which developed first about Chateau Thierry and later about the

RUSH COUNTY THIRD OF THE WAY OVER IN FOURTH LOAN CAMPAIGN

Subscription To Fourth Loan Amounts To \$20,500

The largest individual subscription reported in the Fourth Liberty Loan campaign is \$20,500. It was made by Albert Winship, president of the Rushville National bank and is believed to set the record for single subscriptions to any of the three previous loans. A few more subscriptions of this size by men of means who have the money to invest in bonds, will lend material aid in putting Rush county over the top in a hurry.

John Dehart Heads the List

Falmouth Man's Registration Number, 332, is First Drawn in Draft Lottery in Washington Today to Establish Order of Calling September 12 Registrants. Only First Hundred Numbers Public.

When President Wilson "smilingly faced the crowd of senators" and drew forth 322, the first number of the September draft, at noon today in Washington, he placed John Louis Dehart, of Falmouth, in the line of Rush county as No. 1 in the new draft.

Mr. Dehart belongs to the "over thirty-seven registrants," however, and already has one son, Oscar Dehart, fighting somewhere along the western front. He is a farmer who resides north of Falmouth with his wife and small son.

The first ten numbers which were wired from Washington immediately after they were drawn included two Rush county men. The fourth number—1027—being allotted to Cary Franklin Cross of this city and the eighth, 1697—being the registration number of Ralph Payne of the Peoples National bank.

Only the first hundred numbers drawn were made public today. Of this hundred, only twenty-five applied in Rush county, the remaining seventy-five being above 2242, the last registration number assigned in this county. The order numbers of the twenty-five Rush county men are in the order their names appear:

John Louis Dehart, Falmouth
Cary F. Cross, Rushville
Ralph Payne, Rushville
Samuel B. Sweet, Rushville 4
Harold McColey, Shelbyville 6
Samuel L. Trabue, Rushville
Joseph Lushel, Rushville 9
Charley Willis, Arlington 1
Maurice W. Manche, Carthage 1
James Adson, Rushville
William E. Hinchman, Rushville
Sanford Hinchman, Glenwood 1
Grant Lacy, Rushville
John E. Darter, New Salem 2
James F. Wilson, Rushville 1
Curtis Lockridge, Carthage 2
Lawrence E. Ward, Milroy 2
Walter B. Meredith, Milroy
James W. McManis, Milroy 2
Charles W. Bird, Mays 1
Terry R. Dewey, Carthage 3
Russell Ray, Arlington 1
Thomas Brown, Rushville
Jesse C. Reynolds, New Salem

Reports From the Banks Today Disclose Subscriptions Amounting to \$365,350.

MANY JUST GETTING STARTED

Ripley Township Makes Splendid Showing, Pledging \$98,300 at Carthage Sunday

IS BEYOND ALL EXPECTATIONS

Canvassers Work Diligently Sunday to Pile up Subscriptions Reported Today

Optimism was rampant at the Rush county headquarters today as reports coming from the banks through the county indicated that the first objective of the Fourth Liberty Loan drive had been reached at noon on the first day of the national drive and a third of the county's quota of \$1,100,000 had been subscribed.

Three hundred and sixty-five thousand, three hundred and fifty dollars was reported at headquarters from the banks of the county and with the bank in many sections of not beginning their heavy subscription receipts until this afternoon, the prospects of enormous subscriptions by tomorrow's report is expected.

"The splendid reports from various parts of the county are beyond all expectation," declared loan officials today, who hinted that from present indications every part of the county would have completed its share of subscription.

To put it briefly Rush county is "going great" and with the splendid showing made at the Ripley township headquarters yesterday when the subscriptions neared the hundred-thousand-dollar mark, other parts of the county have been spurred on to produce like patriotic and loyal identifications.

At the Rushville township headquarters, although no definite results of the campaign were available everything is progressing exceedingly well, according to the information received from the captains of the various teams. Canvassing was featured by the Loan organization in every part of the city yesterday afternoon, with canvassers reporting successful results.

The reports in both the factory and residence districts are coming in in the most inspiring style. There is considerable difficulty in getting definite returns for the simple reason that the majors, captains and soldiers were all working so hard throughout yesterday that they returned to their homes last night without making a report at the headquarters, other than they were meeting with successes.

If every dollar that was subscribed at the patriotic meeting in Carthage yesterday was an actual dollar, at least one section of the Hindenburg line would be looking like a colander today for the subscriptions which poured in from wide open purses of the contributors rivaled those of any of the former loan drives.

Emphatically Asserts Worn Out, Lagging Men Can Quickly Become Vigorous and Full of Ambition

7 A DAY FOR 7 DAYS

Don't blame the man who is perpetually tired; his blood needs more red corpuscles and his brain and nerves are craving for food.

Obtain the right kind of medicine, any tired-out, inactive, lagging fellow can quickly be made into a real live, energetic and even ambitious man.

So says a student of the nervous system who advises all men and women who feel worn out and who find it hard to get up ambition enough to take a regular job to get a package of Bio-feren at any drugist.

This is the new discovery that pharmacists are recommending because it is not expensive and speedily puts vigor and ambition into people who are tired of ever amounting to anything in life.

People whose nerves have been wrecked by too rapid living, too much tobacco or alcohol, have regained their old-time confidence and energy in less than two weeks.

No matter from what cause your nerves went back on you; no matter how run down, nervous or tired out you are, get an original package of Bio-feren at once. Take two tablets after each meal and one before bedtime—seven a day for seven days, then one after each meal till all are gone.

Then if you still lack ambition; if your nerves are not steady and you haven't the energy that red-blooded, keen-minded men possess, your package money will be gladly returned.

Notes to Physicians: There is no secret about the formula of Bio-feren, it is printed on every package. Here it is: Lecithin; Calcium Glycophosphate; Iron Peptonate; Manganese Peptonate; Elix. Nerv. Vomica; Powdered Gentian; Phenolphthalein; Capsaicin Capsicum; Kola.

CORN WEEK IN STATE

1934-1935

Demonstrations will be given on the Best Methods of Selecting and Storing Corn.

SCHOOLS TO BE DISMISSED

Lafayette, Ind., Sept. 30.—The start for a record corn crop in 1910 was being made all over the state today. In observance of seed corn week starting today, meetings of farmers throughout the state are being held to discuss the best ways to select good seed corn and how to store it properly.

Demonstrations will be given in practically every county in the state of the best methods of selecting and storing seed corn. County agents are co-operating, several of them attending meetings in each county.

One day of the week will be set aside for each county. Township and district schools will be dismissed on that day to allow the youngsters as well as the grown-ups to attend the demonstrations.

These precautions are being taken following the failure of a considerable part of the crop planted in Indiana during the last two years because of a poor quality of seed corn.

Notice to Bondholders

Of the First and Second Liberty Loans

Your Bonds may be converted through this Bank into bonds bearing 4 1/4 per cent interest.

This conversion must be made prior to NOVEMBER 9th, 1918, as under existing law the privilege ends on that date.

No advantage accrues to holders in not converting, but the increased rate may be obtained by converting.

We make no charge for our services in obtaining the higher rate bonds, and advise that owners of bonds of these issues should leave their bonds at once with some bank for conversion.

We invite you to make your subscription to the Fourth Liberty Loan, payable at this bank. We make no charge for any service in the handling of subscriptions or bonds, and grant the most liberal terms in the payment of subscriptions.

You Get Service from Your Clothes

In Proportion To What Was Put Into Them

Good cloth will last; good designing does not go out of style in a single season or less; good workmanship binds these durably together; it's a pleasure to wear such clothes.

Such suits and such coats have to be sought for; not all makers are equally capable, or painstaking or proud. We know them—you don't. It's a credit to buy them—a credit to us, a credit to you.

You need not pay over \$85.00 and should not pay less than \$25.00 for a good serviceable coat.

SQUA COMPLETES NEW LOAN MARCH

"Flag of Freedom" is Title of Patriotic Tune Composed by the Famous Band Master

SUGGESTS MILITARY AIRS

Chicago, Sept. 30.—Musical compositions bearing the "Made-In-America" brand were given added popularity today by the announcement from the Great Lakes naval training station that Lieut. John Phillip Sousa had completed his Liberty Loan march, entitled "Flag of Freedom."

It contains suggestions from the national military airs of the United States, England, France, Italy and Belgium. Interwoven in the composition are original airs by the bandmaster.

The music was arranged on the request of the publicity committee for the Fourth Liberty Loan drive. It will be distributed in time for the campaign.

Coincident with this announcement came word that Sousa's original American wedding march will be ready for distribution by Oct. 1. It was played first in Pittsburgh several weeks ago and was hailed as the successor to the Mendelssohn and Lohengrin marches.

IN THREE HARDEST BATTLES

Jerome Caron at Chateau-Thierry, The Marne and Rheims

Jerome Caron, son of Mr. and Mrs. Charles J. Caron, was in the three biggest battles of the summer on the west front, since the allies assumed the initiative, according to a letter received by his parents. He fought with the American doughboys at Chateau-Thierry when the Huns were rolled backward and the Yankees won their first big battle and changed the tide in favor of the allies. He was also in the battle of the Marne and at Rheims, and emerged from the hard fight unscathed.

ENTER NURSES TRAINING

Miss Josephine Jackson and Miss Florence Jackson, daughters of Mr. and Mrs. William Jackson of Anderson, have enlisted in the nurses reserve corps and have entered upon their first trip to the hospitals in France. Both girls are well known in this city. They are the granddaughters of Mr. and Mrs. Selman Webb and have been frequent visitors here. Miss Florence Jackson has already entered the postgraduate nursing course in Chicago while Miss Josephine Jackson, who recently enlisted in the reserve, is awaiting a call for training.

"Carry On"

THE fighting slogan in France, gathering inspiration and significance as the conflict grows more violent and more desperate, is "Carry On." On land, on sea, in the air, it rings sharp and clear.

Into the front line trenches comes the signal to charge. The company commander swings "over the top." At his heels, pushing and stumbling through the hell of "No Man's Land," come the boys. They gain a yard, five, ten, and the machine guns speak. The commander falls, but over his shoulder, above the din of battle, he shouts, "Carry On, Lieutenant!" So on and on, till every officer falls, and the grizzled old Sergeant sets his teeth and takes what's left of them on to victory.

"Carry On" must be our slogan here at home. We must "Carry On" to the utmost limit our ability, to the last dollar of our resources, till Victory is won. Let us stand shoulder to shoulder—buy all the Liberty Bonds we can. Let us keep our Bonds, and save to buy more.

"Carry On!" Buy Liberty Bonds!

NO CHANCE TO BE HOMESICK

Corp. Cook Says There's a Colony of Rush County Boys at McClelland

There is a colony of Rush county boys at Camp McClelland, Alabama and none of them there has a chance to get homesick, according to Corporal Clifford Cook, son of Mr. and Mrs. Robert Cook of near Falmouth, who is home only six days from the front. Corporal Cook went to Camp Taylor, Ky., from here in July and was transferred to the heavy artillery at Camp McClelland in a very short time. Corporal Cook attended a school for non-commissioned officers and won the rank of corporal two weeks ago. He says there are twenty-three Rush county boys in the camp.

English Break Through Two Miles on Nine Mile Front

Continued from Page One

Mense

Ohio, Missouri and Kansas troops withstood the counter attack of the fresh German masses, which broke through and then resumed their offensive gains, more ground.

The German artillery is becoming more active while our forces are firing point blank from front line positions, sweeping the Argonne hills.

Yanks Cave in Hun Defenses

With the British in France, Sept. 30.—The Americans have contributed their share to smashing the Hindenburg line.

On a front of 4 miles they have penetrated a distance equal to the front of their attack. The opening of the way for the Australians to push on still farther.

Wanted, Another Fort Vaux

Fort De Vaux was the very center
of the "furnace" at Verdun. Seven
times the Germans took it and seven
times the French took it back.
For three days a French regiment
held the critical position. Cut off
from supplies, unable to obtain rein-
forcements, without food or water,
and under murderous fire every mo-
ment these heroic Frenchmen fought
the overwhelming force of the Hun.
The crucial minute arrived. The
fate of the Citadel of Verdun—the
fate of Paris—the fate of France,
and civilization was the issue. Hu-
manity and the future of the world
hung on the issue of that fight; a
handful of exhausted Frenchmen
against a desperate German assault.
Just at that moment Gen. Petain's
message arrived at the Fort de Vaux.
It told the starved and exhausted
poilus that they must not be beaten.
France depended on them and they
must hold.

At the moment when the assault
was launched by the Boche, a French
lieutenant leaped to the parapet in
full view of the remnant of the regi-
ment and shouted the words which
have won many hard fights since
then:

"Debout les morts!" Stand up, ye
dead, and fight with us for France
and Victory.

There was something in his voice
in his manner, in his soul that went
far beyond the ordinary. He was su-
pernatural. He performed a miracle.

The dead of Vaux lay dead as be-
fore, but the indomitable spirit of
those men dead for France entered
into the souls of their few surviving
comrades—put supernatural strength
into their arms—miraculous courage
into their hearts—irresistible energy
into their assault. "The Dead" ac-
tually did fighting again for France
and Fort de Vaux was saved. The
German crown prince was defeated.
Verdun was saved. France was
saved.

The Fourth Liberty Loan Cam-
paign opens Saturday. It is the
"Fighting Loan." No matter how
much you may have subscribed for
previous Liberty Loans your duty
at the present time is to think of
nothing but your duty to this one.
The dead of Vaux couldn't fight, but
their souls could stand up and re-
force the living. What you sub-
scribed for earlier issues of our bond
has been spent. That money went
for preparation. The FOURTH LIB-
ERTY LOAN is for fighting.

Catch the spirit of the rallying cry,
"Stand up, ye dead!" That spirit
will make the Liberty Loan Cam-
paign a victory like that of Fort de
Vaux.

Women Laborers

The spirit displayed by the loyal
women of this country in the strug-
gle that is before us is a source of
pride and inspiration to all of us.
We are proud of the women of this
country who stand with their feet
firmly planted on the ground and
their hands to the hilt in the fight
for the preservation of our liberties
and the future of our country.

Gold That Sneaks Out of Sight
By PAUL FORT

(Elected Prince of Poets by French
Men of Letters)

Frenchmen, let us revolt against
this vice—
Avarice!
It is high time.

Let the man be declared a traitor
and suffer.

Pain of death,
If, having given his son to the
Country,
He hoards his Gold!

For the Gold, which never before
Was precious
Became essentially precious when it
was needed.

To save the Nation.
In days of old the Hangman settled
scores
With all felons.

Shame on the gold that sinks into
crannies.

And death to "Grandet."

Note: "Grandet," as many will re-
call, was the Blazac character who
was so mean that he measured the
inches left of the candles when he
went to town, so that the guests
would not have too much light in his
absence. Paul Fort thinks that a
man who has money and refuses to
subscribe all of it to the French Na-
tional Defense Bonds is just as mean
as that—mean enough to interest a
17th century hangman. (Translator)

There is, however, one feature of
our women's activity that may easily
be carried to extreme—that of
devoting themselves to heavy manual
labor. There may, in the days be-
fore us, be rare instances in which
women will be impelled to shoulder
the heavier burdens that fall rightly
to the shoulders of the men, but
these occasions should be made as
rare as possible.

There is something in the very
sight of a woman staggering under
a heavy burden that fills the soul of
an American with shame. The in-
stinct that prompts a man to instan-
taneously assume that burden, is inborn
in the race, and is but prompting of na-
ture in an effort to safeguard the
race and insure its highest develop-
ment.

The splendid type of our American
manhood could never have been evolved
had not this country regarded woman
as something to be cherished and
protected and shielded from all
of life's rougher and sterner expe-
riences. High ideals and lofty con-
ceptions of life are drawn by us
from the breasts of mothers whose
surroundings and comforts are such
as to develop them. Children of care
burdened and over-worked mothers
are very apt to develop in their own
lives the direct results of the trials
of their parents. Very few speci-
mens of high type of manhood come
from the homes of such people.
This is most clearly seen in countries
of the old world, among the peasant
classes, where over-worked mothers
breed outish and boorish sons. This
is a condition of life from which this
country has ever revolted, and from
which we must guard ourselves with
extra care in this emergency.

There are many lines of activity
in which our women can render val-
uable service. In these they should be
encouraged, and these lines should
be cheerfully surrendered to them by
the men. But women dock laborers,
women railroaders, women coal
heavers, and such like, are an ungen-
erally spectacle to which we have never
been accustomed and from which our
nature revolts.

Should this war continue for two
or three years, and conditions in this
country become such as in other
countries, we will be compelled to
see this matter squarely. We cannot
protect women if we would send
them to the front to do the heavy
work.

**Tells How He Regained Strength
Ambition and Vigor**
"I am a sailor and was run down, worn
out, no appetite and no ambition my
doctor told me Vinol was what I
needed and within a few days after
taking it I commenced to gain and it
built up my strength so every spring
and fall I take it to build me up and
it keeps me in splendid condition."
—W. E. Brockelsby.

The reason we guarantee Vinol is
because it is a constitutional remedy
containing beef and cod liver pep-
tones, iron and manganese peptones
and glycerophosphates the most
successful tonics known.

August, 1917, and \$31,000,000 over
July of this year. During the eight

were \$2,060,000,000, a slight in-
crease over the corresponding period
of 1917.

Exports increased from \$508,000,

\$138,000,000 as compared with a
similar period in 1917.

Looking Gift Horse in the Mouth

One of the results of the campaign
of the American Library Association
for gift-books last spring was an in-
flux of reading material of the type
which careful mothers take pains to
remove from the environment of six-
teen-year-old daughters.

That the gift-horse had to be in-
spected carefully was demonstrated
a number of times. To one camp li-
brary came copies of Zola's "L'As-
sommoir," Daudet's "Sapho," and
De Maupassant's "Bel-Ami."

From the reading-room in a church
were sent copies of Snappy Stories.

An offer of a file of the Under-
taker's Review was graciously re-
jected.

School readers antedating the Civil
War were received. One of the priz-
es was a telegraphic code-book of
the Argentine Republic.

One of the institutions of the army
in France is the traveling bathroom.
An outfit that requires three trucks
to carry it is rolled up to the lines as
the boys leave the trenches and pro-
vides bathing facilities for five hun-
dred men an hour.

"Do your Christmas shopping
early" is an old, old friend. It has
always made its appearance the
week following Thanksgiving, and
nothing could be more unexpected
than to find it greeting us early in
September.

By the end of the war will soldier
and civilian alike have forgotten
what a glass of beer looks like? Or
will they still be able to recognize one
when they see it?

**ONLY BUSINESS NOW BEFORE THE
G. O. P. IS SUCCESS OF FOURTH
LIBERTY LOAN, SAYS CHAIR-
MAN HAYS.**

NEW YORK, SEP. 25, 1918.
TO REPUBLICAN STATE CHAIRMAN, DISTRICT CHAIR-
MEN, COUNTY CHAIRMEN AND ALL REPUBLICAN
WORKERS

The mission of America is about to be accomplished. American soldiers
in France are at this moment demonstrating to the world the reason for Ameri-
ca and the stuff of which this republic is made. Their complete success and the
consequent eternal establishment everywhere in the world of the integrity of
American rights, interests and honor and the right of men to govern themselves,
are all assured with the proper performance of the plainest duty of the citizenry
at home.

The Fourth Liberty Loan is our next objective. There is no geography,
political or physical, in the patriotism of this country. Democrats and Repub-
licans alike love their flag and are ready to die for it. We continually insist
for all parties that the war be kept out of partisan politics and that partisanship
be kept out of the war.

Just as in Congress the Republicans led the fight that made possible the
passage of the great war measures, so now the party membership and organiza-
tion has an immediate, definite war task in the accomplishment of which it can
fully function. I repeat, let there be no contest in this country as to anything
that touches the war except the contest of who best can serve, who most can
give.

The success of the Fourth Liberty Loan shall be the Republican party's
supreme motif of thought and action until that objective is attained. Wherever
Republicans are together, by two or two thousand, it shall be a win-the-war
meeting. Just as the Republican party's every action at all times has been
and shall be determined solely by how we can contribute most to the war's
success, so now our every thought and action shall be determined entirely by
how we can make certain the quick oversubscription of the Fourth Liberty
Loan. This is a united country's next message to Germany. The entire Re-
publican organization in every voting precinct in this country shall be a fighting
force in this Liberty Loan drive.

This is the Republican organization's business. This is the real business
of every man, woman and child in America. Everything else is choral.

Chairman Republican National Committee.

An Engine Is No Better Than Its Cylinders and Pistons

You don't have to send your Ford out of the
City to have it Re-bored.

Having recently installed in our shop a new
machine for re-boring Ford motors we wish
to call your attention to the fact that we are
now prepared to re-bore and fit new over-
size pistons and rings in your Ford motor.

These are the results you obtain by re-boring

You increase power from 10 to 50 per cent.
You eliminate that elusive knock.
You stop the escaping gas around piston rings which abnormally
heats the crank case.
You stop the admission of auxiliary air past the piston rings
which cools the mixture.
You get less horsepower.
You use less gasoline.
You drive slower on high gear.
You take hills with perfect ease and grace.
You attain greater speed on level.
You eliminate the overheating of the motor.
You stop feeling your pump.

Our Price is Reasonable.
Bring in your motor and let us fix it up.

The Anker-Holth Self-Balancing Cream Separator

Here's the Cream Separator you have been waiting for. Here's the Separator that will make you more money from your cows than any other mechanical separator on the market today. Note its great simplicity, its mechanical neatness and large supply can.

The Self-Balancing Bowl Is a Wonder

No other Cream Separator has it, nor can adopt it, because it is the invention of Mr. S. C. Anker-Holth, the originator of this machine, and is used exclusively in the Anker-Holth Separator. No more bowl trouble. No sending to the factory to have your bowl rebalanced. Our bowl balances itself—the interchangeable self-shifting discs do the work. This feature is not only a revelation to other separator manufacturers, but has brought joy to the hearts of thousands of users of Anker-Holth Separators.

What This Separator Will Do

It will increase your dairy profits 30 to 40 per cent if you are skimming your milk by the old hand method. Call and see the separator and get our price.

AN EARLY APPEAL

It is not too early to begin thinking about the housecleaning. We just wish to remind the managers of the households that our rug cleaning department is ready for your rugs and carpets.

Not only is our business limited to rugs and carpets, but we clean draperies and portierres. If it is made of cloth and material and can be moved, we can clean it for you.

Don't wait for the rush to begin, but let us clean them for you now. People living in the country can bring or send them to us and we will clean the rugs promptly—perhaps the same day.

Don't dread housecleaning time—We're here to help you. Call us—Phone 1154. We call for and deliver.

When You Fight—Fight

FIGHT as these American soldiers fought in the streets of Fismes. "They covered themselves with glory," the papers say. Of course they did—they are Americans.

They met the finest of the enemy's troops in a terrific hand-to-hand struggle. They used their guns—their bayonets—their bare fists. Every American soldier went after his man desperately, fearlessly, persistently, with one great driving purpose—to whip that Prussian Guard, to silence its machine guns—to win!

It's a pretty good way to fight—this American way. It wins battles over there, it will win a splendid victory over here—if we fight when we fight—if we buy Liberty Bonds to our nation.

When you fight—fight! When you buy—buy!

Lead the way they fight—Buy Bonds to your utmost

GEORGE WOLFE AND SON ARE TRIED FOR LARCENY

Former Rushville Men Arrested in Indianapolis as Result of Information Supplied Here

LOCAL POLICE UNEARTH CLEW

George Wolfe, a former resident of this city, and his son, Donald Wolfe, were on trial Saturday in the Indianapolis police court on a larceny charge following their arrest which implicated them with the robbery in an Indianapolis home a few days ago.

George Wolfe, who was on parole from Jeffersonville where he was sent several years from this county on a grand larceny charge, and his son entered the home, securing several watches, diamond rings and other jewelry and \$110 in money. A woman, whose name was not learned and with whom George Wolfe was alleged to have been living, was also arrested at the same time, charged with receiving stolen goods.

Although the two men were under the suspicion of the police they were not arrested until after Donald Wolfe had visited his mother, who resides in this county. The police in searching the house after the boy had left, failed to find any of the stolen goods but came upon a letter which the boy had written to his mother, previous to his visit, in which he described the robbery completely and gave the location of the place where the goods were hidden. The jewelry and other valuables taken were restored with the exception of the money. The decision of the court in the case of the three offenders was not learned by the police officials here today.

A. L. Stewart Receives Passports to Enter Y. M. C. A. Service

A. L. Stewart, a well known surveyor of this city, has received his passports for passage overseas, accompanied by orders to report at the New York office Oct. 18.

Several weeks ago Mr. Stewart's application for overseas service in the construction department of the Y. M. C. A. in France, was approved with information to the effect that sailing orders would follow. He has had wide experience in construction work in this and surrounding counties and as a result will be one of the construction managers in charge of the erection of Y. M. C. A. swimming pools and gymnasiums behind the lines in France. Information received with the passports indicated that he would be sent overseas at once with little delay in an eastern embarkation camp.

Days Pickings

The Rev. R. A. Umrey will preach his first sermon of this conference year at the Gowdy B. E. church, Sunday morning at 10:30.

The Ladies Aid society of the First Baptist church will give a penny supper Friday October 11, in the basement of the church and everybody is welcome.

The case of Horace A. Pratt against Life and Harry Goldman, to collect \$600 on a note, has reached the Rush circuit court on a change of venue from Henry circuit court.

A revival meeting is being held in the Andersonville Christian church for the next two weeks, Sept. 29 to Oct. 13, and the Rev. M. S. Decker of Greensfield, Ind., will be in charge of the meeting.

Marriage licenses have been issued to Miss Nora Rodgers, daughter of Mr. and Mrs. J. W. Rodgers and Joseph Herbert, son of Mr. and Mrs. Adam Herbert, and to Miss Edna Hoban, daughter of Mr. and Mrs. Thomas Hoban and Merle G. Piper.

A penny supper will be given at the Methodist church on Friday evening. The supper is in charge of the Epworth League and the proceeds will be used for the publication of the church year book, which the League will put out in the near future.

WILLIAM HARDWICK, SENIOR STUDENT, TRAINING CORPS AT ADRIAN, MICH.

With the entrance of William Hardwick, 19, in the military training department of Adrian college, Adrian, Mich., a third service star has been placed in the flag at the home of Mr. and Mrs. Eli Hardwick of New Salem.

Young Hardwick left this morning to take a college preparatory course at the institution in addition to his military training. He is one of Rush county's latest registrants. Private Clifford Hardwick as a member of the headquarters company of a regiment of artillery is stationed in France, while his brother, Dallas Hardwick, who is also in France, is a member of a truck corps, attached to an artillery regiment.

Rush County Third of The Way Over in Fourth Loan Campaign

Continued from Page One
was held yesterday afternoon in the down town section of the town. The taking of subscriptions was under the direct supervision of Judge Will M. Sparks and from the moment the campaign there opened until its close, subscriptions kept pouring in.

A signed patriotic address delivered by Archibald Hall of Indianapolis opened the meeting and placed such patriotic fervor in the throng that when the subscription list was opened, one grand rush of subscriptions followed. Bonds of every size, from \$5,000 down to fifty dollars, resulted.
The service was also marked by the dedication of a township service flag honoring the eighty-five Ripley township boys who have entered military service. The address was delivered by Judge Will Sparks who praised the patriotism of the township and the spirit of sacrifice and loyalty which has resulted in its willing submission to any rule or regulation set down by the government officials for the successful prosecution of the war.

ONE CONSIGNMENT OF HOGS BRINGS \$45,206
R. H. Hill of Carthage has sold 774 hogs to Marshall Green of Carthage for \$45,206 representing the largest shipment of hogs ever sent out of Ripley township. They were placed on the Buffalo market. The hogs brought an average price of about \$57.

HOME OF THE SILENT ART

Fashion Says "Yes!"

With thousands of women drawn into the busy business life—with thousands of others doing essential war service work in the homes, American women are making good their boast that they are the most practical women in the world.

And the world is asking, "Are they practical in dress?" Fashion answers, "Yes."

No longer are they satisfied with freakish or bizarre styles. Look at the vogue of the tailored suit for Fall—and the becomingness of the sensible, straight-line silhouette in coats. Could anything be more practical?

Wooltex Coats and Suits

for Fall and Winter embody the best thought in the new style trend of practical fashions. You need have no misgivings about the authenticity of these Fall models, for Wooltex spares no pains to make certain that the styles they show are assured styles all seasons.

Society

Among the many delightful social events being given in honor of Miss Clorine Amos, whose wedding to Private J. Kennard Allen of Camp Taylor, Ky., is to be solemnized soon, was the unique, old-fashioned dinner party for which Mrs. Douglas Morris was hostess Saturday evening.

The old-fashioned decorative scheme was carried out effectively in every detail, with lavender and green predominating in the colors. Oil cloth of the oldest variety, painted with large lavender blossoms, covered the table, on the center of which a high cake stand held a bridal cake covered with lavender and green confections. Old-fashioned dishes were used entirely in the table arrangement and the napkins for the guests were in designs of old-fashioned flowers, tinted with green.

Covers were laid for Miss Jessie Anderson, Miss Mary Anderson, Mrs. Neff Ashworth, Miss Olive Buell, Mrs. Jack Knecht, Miss Nelle Baldwin, Miss Esther Black, Miss Alma Green, Miss Fanny Stiers and Miss Charlotte Thompson of Indianapolis. The hostess was assisted by her daughter, Miss Hannah Morris, and during the evening games and music furnished entertainment for the guests.

Mr. and Mrs. William Martin of Glenwood entertained Thursday evening at their pretty country home, northeast of the city with a surprise party, honoring the twenty-first birthday of their son, Thomas Martin. The rooms were artistically decorated with fall flowers. The evening was spent in playing cards, dancing and with music and at a late hour dainty refreshments were served. The guests were: the Misses Mary Duncan, Martha Crayton, Ocie Kirkpatrick, Ruth Laughlin, Frances George, Celma McClure, Gertrude Jones, Florine Hinchman and Sylvia Nelson of Indianapolis and Horace Kehl, Carl Dolan, Rex Ewbank, Merle Pierson, Rae Gings, Robert Laughlin, Herschel Peters and Mr. and Mrs. Fred Martin and family.

Mr. and Mrs. Richard Flechart entertained at their beautiful country home yesterday with a 12 o'clock dinner in honor of Mr. and Mrs. Earl Riley, who will leave Wednesday morning for Colorado. The rooms were artistically decorated with baskets and wall pockets filled with various hues of old fashioned flowers. A bouquet of asters adorned the center of the dining room, where a bountiful dinner was served. The guests for the occasion were: Mr. and Mrs. Mary Porterfield of Omaha, Nebraska, Mrs. Frank Cotton of Manila, Miss Julia Casady, Miss Mildred Casady, Mrs. Fanny Study and Miss Katherine Casady.

Miss Nora Rodgers, daughter of Mr. and Mrs. J. W. Rodgers and Joseph Herbert, son of Mr. and Mrs. Adam Herbert, all of the Fairview neighborhood were married Saturday afternoon at 3:30 o'clock in the parsonage of the Main Street Christian church, with the Rev. L. E. Brown, pastor of the church officiating. Mr. and Mrs. Herbert will reside on the bridegroom's farm which is situated in the northern part of the county.

The following new members have been added to the War Mother's organization: Mrs. Emma Mettfer, Mrs. Katherine Clarissa Mardloth, Mrs. Margaret Glendenning, Mrs. Minnie C. Williams, Mrs. Katherine Gardner, Mrs. Mary Ida Downey, Mrs. Emma F. Simmerman, Mrs. Laura J. Hetter, Mrs. Abbie Hardin, Mrs. Ella Osborne, Mrs. Della Willis, Mrs. Anna McDaniel and Mrs. Amanda Berr.

A quiet wedding was read Saturday afternoon shortly after four o'clock at the Main Street Christian church parsonage when Miss Edna Hoban daughter of Mr. and Mrs. Thomas Hoban and Merle G. Piper. After a short wedding trip Mr. and Mrs. Piper will reside on a farm in the southern part of the county.

Mrs. Roy Harold was hostess Saturday afternoon for two tables of bridge in her home for Mrs. Charlotte Thompson of Indianapolis. The afternoon was delightfully spent over the card tables.

Social Calendar

ASK SENATE PASS THE SUFFRAGE BILL

President Wilson Speaks to Upper House Today, Urging Passage of Amendment

IS ESSENTIAL TO THE WAR

Other People Will Not Follow us if We Reject Measures Like This He Declares

(By United Press.)

Washington, Sept. 30.—President Wilson called on the senate to pass the constitutional amendment granting suffrage to women. In addressing the upper house, he declared suffrage to be "vitally essential to the successful prosecution of the great war of humanity."

"If we wish to lead the war, we can not ask other people to accept proofs of our ability by anything less convincing than our action. Our profession will not suffice," he declared. "If we reject measures like this in ignorance and defiance of what the new age has brought forth, they will cease to follow or to practice."

The president pointed out that, "We have made partners of the women in this war."

"Shall we admit them to the partnership of suffrage or sacrifice and toil and not to a partnership of privilege and right," he added.

"This war could not have been fought if it were not for women's service—service rendered everywhere and on the very edges of the battle itself."

"We shall not only be distrusted but shall deserve to be unless they are given enfranchisement."

FALLS AND BREAKS WRIST

Miss Lois Fritter, Primary Teacher Also Dislocates Elbow

Miss Lois Fritter, teacher of the primary grade in the Graham Annex, fell and broke her right wrist and dislocated the elbow, of the same arm at the home of Mr. and Mrs. A. B. Holden in East Seventh street about one o'clock today. Miss Fritter was entering the Holden home on an errand, while on her way back to school after the noon hour, and slipped and fell her right arm receiving the full force of the fall. She was removed to her home for treatment and will be kept there for some time.

SCIENTIFIC CONSTRUCTION

When a large audience in a theatre or any other public gathering is stampeded and becomes panic stricken, they all try to get out the door at once. The result is usually a complete blocking of the exit.

If the passage way could give back and expand—become larger as it were, the mass of humanity would free itself and the blockade would be broken.

The RUSHVILLE SPECIAL Spreader is equipped with expansion chambers at the rear of the box and just ahead of the beater wheel. When the load is moved back, packed and solid as it is, there is room for it to EXPAND as the beater wheel penetrates this load. There is no jamming, packing or congestion which means heavy draft. Because the load does not pack, the beater wheel runs freely and easily discharges its load without adding any particular additional draft to the horses.

One of these expansion chambers is located on each side of the box near the beater wheel. This forms what we call the NO-CHOKE BOX. This patented feature of this MODERN Spreader will, in itself, reduce the draft on any spreader that does not have it, at least 15%. By eliminating this heavy draft the beater wheel does not have the friction which it otherwise would have and this removes the strain from the machine.

Come to our warehouse and see the machine. Take it on your farm and try it. The proof of the pudding is in the eating. We solicit your inspection.

Installment of Red Cross Report Deals With Activities Among Civilian Population

OVER 36 MILLIONS SPENT

Of This Sum Expended to July 1, \$21,160,632.86 Is Devoted to Aiding Refugees

Washington, Sept. 30.—The following is authorized by the Red Cross War Council:

"The War Council of the American Red Cross today issues another installment of its report to the American people concerning the use already made, and now being made of the Red Cross War Fund. This particular installment covers work done among the civilian population in France and its cost since the beginning of the war and shows the appropriations made for the period from July 1 to December 31, 1918; together with the appropriations for the supply, Transportation, Women's Hospital Service and other bureaus.

"In carrying out its work in France, the American Red Cross, in all its activities, had expended up to July 1, 1918, the sum of \$36,613,682.73. Of this amount, the sum of \$15,433,049.87 was apportioned to relief work among the soldiers and strictly military activities. The balance of \$21,160,632.86 was apportioned to relief of devastated areas, the fight against tuberculosis, operating expenses and other expenses have to do with the civil population.

"The demands for the six months ending December 31, 1918 have been greater than for any similar period and an appropriation therefore has made for this period, amounting to \$34,582,827.57, of which \$20,733,410.01, is for relief among refugees, rehabilitation of devastated areas:

the fight against tuberculosis, operating expenses and other civil relief activities. Thus the entire sum expended and appropriated for relief work in France from the beginning of the war to December 31, 1918, will amount to more than \$70,000,000.

"The two largest items of expenditure in the work among the civilians has been for relief work and reconstruction of villages in the devastated areas and the relief of thousands of refugees from areas occupied by the German armies. These two items alone aggregate \$5,357,605.75.

"In view of recent military events, whereby additional large devastated areas have been reclaimed from the foe, expenditures along similar lines undoubtedly will be greatly increased during the next few months. Also there probably will be greater demand upon the Red Cross in caring for American sick and wounded and in supplying necessities and comforts to the men in camp.

"In order to maintain the morale in the army at the front it is necessary to maintain the morale of the individual and the American Red Cross is working with this end in view. Destitute refugees in France March 1, 1917, numbered 400,000. These have been provided for.

"The third big item for which liberal appropriation was demanded of the Red Cross was for a campaign against tuberculosis. Up to June 30, 1918, the appropriation for this purpose was \$2,147,327. A complete survey of tuberculosis hospitals in France shows that 76 have been completed. Requisitions for goods have been approved for 96 provisional hospitals containing 5,610 beds and all of which will be in operation by fall. As against the appropriation up to June 30, the appropriation for the six months ending December 31 amounts to \$2,582,456.14.

"For the care of the children in France, up to June 30, the sum of \$1,149,120.70 was provided. The appropriation for the current six months totals \$2,775,887.19.

"For the work of caring for the refugees the sum of \$6,212,280.70 has been set aside. The fund for the rehabilitation of villages in the devastated area totals \$1,094,912.28.

"The Red Cross has devoted considerable time and money to the work in the United States of the re-education of those who have been mutilated either as soldiers or as non-combatants. The appropriation for this purpose is \$256,438.00. A kindred activity, through the Society of Friends, has been supported to the extent of \$187,552.63. The donation last year to the Woman's Relief Corps in France amounted to \$261,245.61.

"The number of Red Cross workers in France is approximately 3,000 persons. The cost of operating has been handled so that the various items of operating expenses are kept in one account.

"In the matter of transportation appropriations for civilian and military purposes under this heading, including equipment for the current six months totals \$2,655,767.54.

"The section of purchases, comprising warehousing, rent, labor and shipping, amounts to \$258,947.37.

"The section of donations has to do with gifts of medical supplies, surgical instruments and modern sanitary equipment to hospitals and institutions both at the front and at the bases. The expenditures for these purposes for the six months ending Dec. 31 will amount to \$1,385,964.61.

"The expense of the bureau of medical and surgical information service from July 1 to Dec. 31 will be \$339,256.67. The work of the bureau of information will amount to \$1,228.60, and the matter of insurance, \$7,991.40. All these activities are covered for by an appropriation of \$1,236,476.67.

Notes of Woman's Section of State Defense Council

(Compiled by Mrs. Albert Babbs, Chairman Publicity Committee.)

Attention is hereby called to the Conference of Charities to be held at Evansville, October 5-8. It is to be a conference on community problems in wartime, and the Board of State Charities announces that the American Red Cross and the State Council of Defense will have a prominent part in the proceedings. It is the earnest wish of the Chairman of the Woman's Section of the State Council of Defense that this section be well represented. To that end the Publicity Chairman in each county is requested to give the widest possible publicity to this meeting. Please ask the members of the Woman's Committee of your County Council of Defense to help stimulate interest in this conference. Also please give publicity throughout your county to the fact that clubs, churches, schools and charitable organizations and all other agencies interested in social welfare are requested to appoint delegates to the conference. It is hoped that a large delegation from each community may be secured through the efforts of women members of county councils of defense.

The Woman's Section will soon make distribution throughout the state of the war study programs for clubs which has been prepared by the Department of Educational Propaganda of the National Woman's Committee. Copies of this pamphlet, which includes a full list of references, will be sent to county chairmen of Educational Propaganda. Additional copies may be had upon request.

The Woman's Committee of the Council of National Defense calls upon the State Divisions to continue recruiting student nurses through their county and local units, particularly in those localities where the quotas have not yet been secured. The intensive campaign for recruits closed September 5 in order that completed application blanks might be in early enough to fill the vacancies in the all classes, but it was not the intention of the Committee that all effort should cease on that date. Owing to the possibility of an affiliation between the Army School of Nursing and the civilian hospitals whereby their second or third year students may have the opportunity for experience in military hospitals either in this country or overseas, it is likely that many more student nurses will be needed than the 25,000 originally called for. This should be given publicity and interest in recruiting maintained in all counties, but especially in those counties which have not completed their quotas.

One position in the Army School of Nursing is open now to the wives of men who are in service abroad, and that is as Hospital Assistant. The Hospital Assistant is not a nurse, and will not be sent overseas, but will serve in the military hospitals here to which convalescent soldiers will be taken for reconstruction work. If she has not already completed a course given by the Red Cross, the applicant will receive a six weeks training course in elementary nursing and hygiene first and to the injured and disabled. The last limits are twenty-one to thirty. Applicants must be in good physical condition, of good moral character and be a high school graduate or present an acceptable equivalent.

WOMEN OF FRANCE ARE THE BRAVEST

Lieut. Wolfe Says It Is These Who Are Left Behind in Occupied Villages Who Suffer

BULK OF ARMY WERE FARMERS

American Soldiers Will Return to Home With Deeper Regard For Country, Says Writer

Singing the praise of the sacrifice of the French women, Lieut. Charles E. Wolfe of a motor mechanics division in France, has written the ever interesting story of the bravery which is so remarkable among the women of France.

"I have had sufficient opportunity during my seven months in this war-distressed country, to observe the devotion, to learn of the sacrifice and to sense the feel of these French people for their country. After the struggle is over, after the taps have been sounded, much will be written; much, however, will be indescribable. It must be seen and felt to be really appreciated.

"My heart at present goes out to the women of France," continued the writer. "It is she who pays dearly in this war as in all other wars. You find in the streets of some almost deserted and shell shocked French villages, sweet, old, patient souls, tottering along performing a man's job. If one stops, slightly long to study them, abject weariness is most noticeable. At the same time, however, underneath the quaint little bonnets, a faint little gleam of a smile may be seen. It is astonishing but nevertheless it is true—such is the soul and the heart of these war-weary people.

In speaking of the civilian life of the French soldier, Lieut. Wolfe stated that in most cases they were farmers—the back bone of all countries. "When the war started," explained the writer, "he left his farm and I venture to say that there are few farms in France but that bear the grim evidence that a father, husband, brother or sweetheart has left, never to return.

"A sweet thought to me at this time," concluded the writer, "is the fact that the old United States is in it—and in on all fours. A sweet date. Owing to the possibility of an affiliation between the Army School of Nursing and the civilian hospitals whereby their second or third year students may have the opportunity for experience in military hospitals either in this country or overseas, it is likely that many more student nurses will be needed than the 25,000 originally called for. This should be given publicity and interest in recruiting maintained in all counties, but especially in those counties which have not completed their quotas.

Jan Actor At Princess

An exotic romance of the orient has been interwoven with numerous thrills in "The White Man's Boy" which will be portrayed at the Princess Theater this evening, starring the famous Japanese actor, Sessue Hayakawa. Tomorrow afternoon and evening Mary MacLaren will appear in "The Models' Confession," which is an excellent production inasmuch as it is a story of a woman's life, and on Wednesday afternoon and evening Mable Normand will take the leading role in "Joan of Palmyra," a story of an inspired soldier girl. In addition to the regular program this evening and Wednesday afternoon and Saturday night, a special feature will be presented.
